

Essence: Sweet children, remain constantly cheerful in remembrance of the Father. Continue to renounce the old awareness of bodies because you have to do the service of purifying the atmosphere with the power of yoga.

Question: What effort must you make in order to win a *scholarship* and to receive a tilak for the kingdom?

Answer: You will receive a tilak for the kingdom when you make effort to stay on the pilgrimage of remembrance. Practise considering yourselves to be brothers of each other and any awareness of name and form will then be removed. Never listen to wasteful matters. Only listen to the things that the Father says; close your ears to everything else. Pay full attention on study because only then can you win a *scholarship*.

Om shanti. You children know that you are establishing your kingdom by following shrimat. To the extent that you *serve* with your thoughts, words and deeds, you will accordingly benefit yourselves. There is no question of upheaval etc. in this. You simply renounce the awareness of this old world and go and arrive there. You have a lot of happiness by remembering Baba. If you constantly stay in remembrance, there will be nothing but happiness. By forgetting the Father, you wilt. You children should remain constantly happy. I am a soul and the Father of myself, this soul, is speaking through this mouth. I, this soul, am listening with these ears. You have to make effort to instil such habits. You have to return home while remembering the Father. This pilgrimage of remembrance gives you a lot of power. You receive so much strength that you become the masters of the world. The Father says: Constantly remember Me alone and your sins will be absolved. You should make this firm. At the end, this mantra that disciplines the mind will be useful. The message you have to give everyone is: Consider yourself to be a soul; that body is perishable. The Father's order is: Remember Me and you will become pure. You children are sitting in remembrance of the Father. Together with that, you have this knowledge too because you know the Creator and the beginning, middle and end of creation. You souls have all of this knowledge. You are spinners of the discus of self-realisation. You earn a lot of income while sitting here. Day and night you are just earning. You come here to earn a true income. Nowhere else can you earn a true income that goes with you. You do not have any other business etc. here in Madhuban. The atmosphere is very good. You also purify the atmosphere with the power of yoga. You are doing a lot of *service*. Those who serve themselves are also serving Bharat. Later, even this old world will not remain. You won't be here either. The world itself will become new. You children have all of this knowledge in your intellects. You also know that you will continue to do the *service* that you did in the previous cycle. Day by day, you continue to make many others similar to you. You become so happy when you listen to this knowledge that you have goose pimples. People say that they have never heard this knowledge from anyone else before, that they only hear it from you Brahmins. On the path of devotion, there is no effort required, whereas here you have to forget the whole of the old world. Only the Father inspires you to have this unlimited renunciation. You children are numberwise. You also have happiness, numberwise; not everyone has the same amount. Knowledge and yoga are also not the same. All other human beings go to bodily beings, but you come here to the One who doesn't have a body of His own. The more effort you continue to make for remembrance, the more satopradhan you will continue to become; your happiness will continue to increase. This is the pure *love* of souls for the Supreme Soul. He is incorporeal. The more that the rust is removed from you, the more attraction there will be. You can check your *degrees* to see how happy you remain.

There is no need to have a special sitting position etc. This is not hatha yoga. You can sit comfortably and continue to remember Baba. You can remember Him even while lying down. The unlimited Father says: Remember Me and you will become satopradhan and your sins will be cut away. You should remember with so much love the unlimited Father, who is also your *Teacher* and Satguru. It is in this that Maya causes obstacles. You have to see whether you take your meals while staying in remembrance of Baba and while being cheerful. The lovers have found the Beloved and so they would definitely be happy. By staying in remembrance, you will continue to accumulate a great deal. The destination is very high. Look what you are becoming from what you were! Previously, you were senseless. You have now become very sensible. Your *aim* and *objective* is so *first class*. You know that you will shed those old skins while remembering Baba and take new ones. When you reach your karmateet stage, you will shed those skins. As you go close to your home, you remember that home. Baba's *knowledge* is very sweet. You children should feel so intoxicated. God is sitting in this chariot and teaching you. It is now your stage of ascent. There is benefit for everyone due to the stage of ascent. You are not listening to anything new. You know that you have heard all of these things many times before and that you are listening to the same things once again. When you hear these things, you bubble up inside with happiness. You are the *unknown warriors* who are *very well known*. You make the whole world into *heaven* and this is why the goddesses are worshipped so much. The ones who act and the One who inspires you to act are all worshipped. You children know that the *sapling* of the deity religion is being established. This system started now. Each of give you yourself a tilak. Those who study well make themselves worthy of receiving a *scholarship*. You children have to make a lot of effort to stay on the pilgrimage of remembrance. Consider yourselves to be brothers and the awareness of name and form will be removed. It is this that requires effort. You have to pay a lot of *attention*. Never listen to wasteful matters. The Father says: Only listen to the things that I tell you. Do not listen to gossip; close your ears to that. Continue to show everyone the path to the land of peace and the land of happiness. The more you show the path to others, the more you benefit yourself; you earn an income. The Father has come to decorate you all and take you back home. The Father is always the Helper of the children. The Father looks at those who become His helpers with a lot of love. Baba very much remembers those who show the path to many others, and they too feel the pull of the Father's remembrance. Your rust will continue to be removed by having remembrance. To remember the Father means to remember the home. Constantly continue to say "Baba, Baba!" This is the spiritual pilgrimage of Brahmins. You will go home by remembering the *Supreme Spirit*. The more effort you make to become soul conscious, the more your physical organs will be controlled. There is only the one method of having remembrance to control your physical organs. You are the spiritual spinners of the discus of self-realisation, the decoration of the Brahmin clan. This is your highest, most elevated clan. The Brahmin clan is even higher than the deity clan because the Father is teaching you. You now belong to the Father in order to claim your inheritance of the sovereignty of the world from Baba. When you say "Baba", you receive the fragrance of the inheritance. Shiva is always called "Baba". Shiv Baba is the Bestower of Salvation. No one else can grant salvation. Only the one incorporeal One is the true Satguru and He departs after giving you the kingdom for half a cycle. So, the main thing is remembrance. At the end, you should have no awareness of your bodies, wealth or property. Otherwise, you will have to take rebirth. On the path of devotion, they sacrifice themselves at Kashi. You too have sacrificed yourselves, that is, you now belong to the Father. On the path of devotion, they

think that all their sins are cut away by sacrificing themselves at Kashi. However, no one can return home yet. When all the souls up above have come down, destruction will take place. The Father will go back home and you will also go back with Him. People say that the Pandavas melted on the mountains. That would be like committing suicide. The Father explains to you very clearly: Children, I alone am the Bestower of Salvation for all. No bodily being can grant you salvation. You have continued to come down the ladder on the path of devotion. Now, at the end, the Father comes and takes you back up by force. This is called, “Suddenly winning the *lottery* of unlimited happiness.” There, they have horse races, whereas here it is the race of souls. However, because of Maya, you have *accidents* or you divorce the Father. Maya breaks your intellects’ yoga. When someone is defeated by lust, all the income that that one had earned is lost. Lust is a big evil spirit and by conquering it you will become a conqueror of the world. Lakshmi and Narayan were the conquerors of the world. The Father says: You definitely have to become pure in this final birth. Only then will you be victorious. Otherwise, you will be defeated. This is the final birth in the land of death. Only the Father tells you the secrets of the 21 births in the land of immortality and the 63 births in the land of death. Now each of you has to ask your heart: Am I worthy of becoming like Lakshmi or Narayan? To the extent that you have dharna, you will accordingly have happiness too. However, if it is not in your fortune, Maya doesn’t allow this to stay. The impact of Madhuban will continue to increase a lot day by day. The main *battery* is here. The Father loves the *serviceable* children a great deal. The Father selects good, *serviceable* children and gives them a *searchlight*. They too definitely remember Baba. Both Bap and Dada remember the *serviceable* children and give them a *searchlight*. He says: When you give love, you receive love. Remember Baba and you will receive the *response* of your remembrance. The whole world is on one side and you true Brahmins are on the other side. You are the children of the highest-on-high Father who is the Bestower of Salvation for all. This divine birth of yours is like a diamond. He is the One who changes us from shells into diamonds. He gives you so much happiness that there is no need to remember Him for half a cycle. Baba says: I gave you lots and lots of wealth, but you lost it all. You used so many diamonds and jewels for My temple. Look how much diamonds cost now! Previously, you would get a small bonus when buying diamonds, whereas now you don’t get any bonus even when buying vegetables. You know how you claimed your kingdom and how you then lost it. You are now once again claiming it. This knowledge is very *wonderful*. It hardly sits in anyone’s intellect. If you want to claim a kingdom, you have to follow shrimat fully. Your own dictates are of no use. In order to go into the stage of retirement while alive, you have to give everything to that One; you have to make Him your Heir. On the path of devotion too, people make Him their heir by donating, but that is for a temporary period. Here, you have to make that One your Heir for birth after birth. It is remembered: *Follow the Father*. Those who *follow* Him claim a high status. You will claim an unlimited inheritance by belonging to the unlimited Father. Shiv Baba is the Bestower and this is His treasure-store. Those who donate in the name of God receive temporary happiness in their next birth. That is *indirect* whereas this is *direct*. Shiv Baba gives to you for 21 births. Some people think that they are giving to Shiv Baba, but that is like *insulting* Him. You give to Him in order to receive. This is Baba’s treasure store. Your pain and sorrow are removed. You children are now studying for the land of immortality. This is a forest of thorns and Baba is taking you to a garden of flowers. Therefore, you children should remain very happy. You also have to imbibe divine virtues. The Father makes you

into beautiful flowers with so much love. Baba explains to you with a lot of love: If you want to benefit yourselves, imbibe divine virtues and do not look at anyone's defects. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to receive a *searchlight* from the unlimited Father, become His helpers. Keep your *connection* forged with the main *battery*. Do not waste your time in any situation.
2. In order to earn a true income and do the Father's true service, stay in remembrance of the one Father. This is because, by your having remembrance, the atmosphere is purified, the soul becomes satopradhan, you experience limitless happiness and your physical organs are controlled.

Blessing: May you be an embodiment of success by attaining the success that your heart desires in the task of world transformation through self-transformation. Each of you is engaged in the service of world transformation through your self-transformation. Each one of you definitely has this zeal and enthusiasm in your mind that we definitely have to transform this world and you also have the faith that transformation is definitely going to happen. Where there is courage, there is zeal and enthusiasm. It is only with self-transformation that you will have the heart's desired success in the task of world transformation. However, you only have this success when your attitude, *vibrations* and words – all three – are powerful at the same time.

Slogan: When you have love and discipline in your words, you will then accumulate *energy* in your words.
