

Essence: Sweet children, the Bestower of Salvation for All is the one Father. No one else can do altruistic service like the Father.

Question: Which effort does the Father have to make in order to establish the *new world*?

Answer: He makes the effort to make souls who are sinners like Ajamil into worthy-of-worship deities like Lakshmi and Narayan. The Father makes effort to make you children into deities. All the rest of the souls go back to the land of peace. Each one of you has to settle your karmic accounts, become worthy and go back home.

Song: Take us away from this land of sin to a place of rest and comfort.

Om shanti. You sweetest, spiritual children heard the song. You children know that this is a world of sin and that the new world is a world of charity; there is no sin there. That is the kingdom of Rama and this is the kingdom of Ravan. Everyone is impure and unhappy in this kingdom of Ravan and this is why they are calling out: O Purifier, come and purify us! Those of all religions call out: O *God, the Father*, come and *liberate* us. Become our *Guide!* That means that when the Father comes, He takes all souls of all the religions that there are in the world back with Him. At this time, all are in the kingdom of Ravan. He takes those of all religions back to the land of peace. Everyone has to be destroyed. The Father comes here and makes you children worthy of the land of happiness. He benefits everyone. This is why that One is called the Bestower of Salvation, the Benefactor of All. The Father says: You now have to return home. Those of all religions have to go to the land of silence, the land of Nirvana (beyond sound), where all souls reside in silence. The unlimited Father, who is the Creator, comes and gives everyone liberation and liberation-in-life. So, praise should be sung of that one *God, the Father*. The One who comes and serves everyone should be remembered. The Father Himself explains: I am the Resident of the supreme abode, the faraway land. The original, eternal deity religion that existed at the very beginning no longer exists and this is why people call out to Me. I come and take all of you children back home. There is no Hindu religion. In fact, it is really the deity religion but, because they are not pure, they call themselves Hindus instead of deities. No one established the Hindu religion. The Gita is the jewel of all scriptures. It is spoken by God. Only the One is called God; *God, the Father*. Shri Krishna and Lakshmi and Narayan cannot be called *God, the Father*, or the Purifier. They are the king and queen. Who made them like that? The Father. The Father first of all creates the new world and this one becomes the master of that. How did he become that? No human being knows this. Very wealthy people build big temples etc. You should ask them: How did they claim the kingdom of that world? How did they become the masters? No one will be able to tell you. What actions did they perform that they received such fruit? The Father now explains: You have forgotten your own religion. Because of not knowing the original, eternal deity religion, everyone has been *converted* into other religions. They will now *return* to their own religion. Those who belong to the original, eternal deity world religion will come back to their own religion. Those who belong to the *Christian* religion will once again go back into the *Christian* religion. The *sapling* of the original, eternal deity religion is being planted. Whatever religion everyone belongs to, they have to go back to it. This is a tree and it has three *tubes*, and then expansion takes place from it. No one else can give you this *knowledge*. The Father now says: You have to come back into your own religion. Some say: I am going to go to the sannyas religion. I am a *follower* of Rama-Krishna Paramhans. They are those of the path of isolation whereas you belong to the family path. How can those of the household path become *followers* of those of the path of isolation? At first, you were pure on the family path. Then you became impure through Ravan. The Father explains these things. You belong to the household ashram. You had to perform devotion. The Father comes and gives you salvation as the fruit of your devotion. It is said: *Religion is might*. The Father establishes *religion*. You become the masters of the whole world. You receive so much *might* from the Father. Only the one Almighty Authority Father comes and grants everyone salvation. No one else can give salvation or receive salvation. Expansion continues to take place here. No one can return home. The Father says: I am the *Servant* of those of all religions. I come and grant salvation to everyone. The golden age is referred to as salvation. Liberation is in the land of peace; so which is the greatest of all? The Father says: O souls, all of you are *brothers*. All of you receive the inheritance from the Father. I come and make everyone worthy of going back to their own *section*. If souls don't become worthy, they have to receive punishment. They have to settle their karmic accounts and then they can return home. That is the land of peace and the other is the land of happiness. The Father says: I come and establish the *new world*. You have to make effort for that. I come and

make the souls who are complete sinners like Ajamil into deities. Ever since you went onto the path of sin, you continued to come down the ladder. This ladder of 84 births is for coming down. From satopradhan, you go through the stages of sato, rajo and tamo and this is now the confluence age. The Father says: I only come once. I do not enter the body of Abraham or Buddha. I only come at the most auspicious confluence age. It is now said: *Follow the Father*. The Father says: All of you souls have to *follow* Me alone. Constantly remember Me alone and your sins will be burnt away in the fire of yoga. This is called the fire of yoga. You are true Brahmins. You get off the pyre of lust and sit on the pyre of knowledge. Only the one Father explains all of this. *Christ*, Buddha etc. all remember just the One. However, no one knows Him accurately. You have now become theists. You have now come to know the Creator and the creation from the Father. Rishis and munis all used to say, “Neti, neti” (We don’t know, it is neither this nor that). Heaven is the land of truth where there is no mention of sorrow. Here, there is so much sorrow and the lifespans are also very short. The lifespans of the deities are so long; they are pure yogis. Here, there are impure bhogis (those who indulge in sensual pleasures). As you continue to come down the ladder, your lifespans become shorter. Untimely, death also continues to take place. The Father makes you such that you will not become diseased for 21 births. So, you should claim your inheritance from such a Father. You souls should become very sensible. Baba is giving you such an inheritance that you won’t experience any sorrow there; your crying and shouting out will all end. All of you are actors. Souls shed bodies and take others. This too is in the *drama*. Baba explains to you the philosophy of action, neutral action and sinful action. “The day and night of Brahma” has been remembered. The day and night of Brahma are also the day and night of Brahmins. Your day is now about to come. They speak of Maha Shiva Ratri. The night of devotion is now ending. Knowledge is now dawning. It is now the confluence age. You are now once again becoming residents of heaven. You stumbled along in the dark night, wore out your foreheads and used up all your wealth. The Father now says: I have come to take you to the land of peace and the land of happiness. You were residents of the land of happiness. While taking 84 births, you went into the land of sorrow and are now calling out again: Baba, come to this old world. This is not your world. You are now establishing your own world with the power of yoga. You now have to become *doubly* non-violent. Neither must you use the sword of lust nor must you fight or quarrel. The Father says: I come every 5000 years. This cycle is 5000 years, not hundreds of thousands of years. If it were hundreds of thousands of years, the population here would be very much larger. They continue to tell lies and this is why the Father says: I come every cycle. I too have a *part* in the *drama*. I cannot do anything without having it in *My part*. I too am bound by the bond of the *drama*. I come at *My accurate time*. Manmanabhav! However, no one knows the meaning of that. The Father says: Renounce all the religions of bodies, constantly remember Me alone and you will all become pure again. You children continue to make effort to remember the Father. This is the World Spiritual University. There cannot be any other university like this one. God, the Father, comes here and *changes* the whole world. He changes it from *hell* to *heaven* which you then rule. The Father now says: Remember Me and you will change from tamopradhan to satopradhan. This is Baba’s lucky chariot that the Father enters. No one knows about the birth of Shiva. They simply say that God is beyond name and form. Oh! There cannot be anything in existence that is beyond name and form. They say: That is the sky. Therefore, that is a name. Even though it is just empty space, that is what it is called. The Father’s name is the Benefactor. Then, He is given many names on the path of devotion. He is also called Babulnath (Lord of Thorns). He comes and liberates you from the sword of lust and makes you pure. Those of the path of isolation only believe the element of brahm to be God and they only remember that. They call themselves yogis who have yoga with the brahm element or with the element of light. However, that is a place of residence which is called Brahmand. They consider brahm to be God. They believe that they will merge into it, which means that they make souls perishable. The Father says: I alone come and grant everyone salvation. This is why the birth of Shiv Baba alone is worth diamonds whereas the birth of everyone else is worth shells. Shiv Baba alone grants everyone salvation, and so He is like a diamond. He alone takes you into the *golden age*. Only the Father comes and teaches you this *knowledge* through which you become deities. This *knowledge* will then disappear. Lakshmi and Narayan do not have any *knowledge* of the Creator or creation. You children heard the song. It says: Take us to a place where there is peace and comfort. That is the land of peace, then there is the land of happiness. There is no untimely death there. The Father has come to take you children to that world of happiness and comfort. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Night class:

Now, both your sun and moon *dynasties* are being created again. No one else can know as much or become as pure as you do. When they hear that the Father has come, they will begin to remember Him. You will see all of that as you progress further. Hundreds of thousands and millions will continue to understand this. The atmosphere will be such. Everyone will become *hopeless* in the war at the end. Everyone will be *touched*. Your sound will spread. Heaven is being established, but the death of everyone is also being prepared. However, that time will be such that there won't even be time to choke. As you progress further, many here will understand a great deal. It isn't that all of you (who exist now) will be here at that time. Some would even have died. Only those who were here in the previous cycle (at this time) will be here then. At that time, you will all be in remembrance of the one Father. The noise will also be reduced. You will then just continue to consider yourselves to be souls and remember the Father. You will observe all of this as detached observers. There will continue to be many painful calamities. Everyone will come to know that destruction is now to take place and that the world is to *change*. Reason says that destruction will take place when the *bombs* are dropped. They now continue to say to one another: Promise that you won't drop *bombs*. However, all of those things have been invented for destruction. You children should remain very happy; you know that the new world is being created. You understand that only the Father establishes the new world. There will be no mention of sorrow there. That is called *Paradise*. Just as you have faith, as you progress further, many others will have faith in the same way too. What happens is that those who are to have an experience will have many experiences as they progress further. At the end, you will stay on the pilgrimage of remembrance a great deal. There is now some time left still. If you don't make full effort, your status will be reduced. You receive a good status by making effort. At that time, your stage will be very good. You will also have visions. Destruction will take place again as it has every cycle. Those who have faith and have this knowledge of the cycle will remain happy. Achcha. *Good night* to the spiritual children.

Essence for dharna:

1. Become *doubly* non-violent and change this *hell* into *heaven* with the power of yoga. Make effort to become satopradhan from tamopradhan.
2. *Follow* the one Father fully. Become a true Brahmin and burn your sins away in the fire of yoga. Remove everyone from the pyre of lust and make them sit on the pyre of knowledge.

Blessing: May you become an embodiment of success by serving with a stage that is altruistic and free from all sinful thoughts.

The basis of attaining success in the service you do is to have a stage that is altruistic and free from sinful thoughts. Those who have this stage remain content and happy while doing service and others too are content with them. In a gathering of service, many different situations arise and there are many different opinions, but you must not become confused by the diversity. Do not think: Whom should I listen to or whom should I not listen to? Take a decision while being altruistic and free from other thoughts and no one will any waste thoughts and will become embodiments of success.

Slogan: Now begin the service of transforming intellects by giving them sakaash.
