

Essence: Sweet children, only the one Father tells you the truth. Therefore, only listen to the Father and not to human beings. Those who listen to the Father alone are knowledgeable.

Question: What are the main signs of the souls who belong to your deity clan?

Answer: They find this knowledge very good and sweet. They renounce following human dictates and begin to follow God's directions. It enters their intellects that only by following shrimat will they become elevated. This is now the most auspicious confluence age. We are the ones who have to become the most elevated beings.

Om shanti. Sweetest, spiritual children, may you be soul conscious! Renounce the consciousness of bodies and consider yourselves to be souls. You also know that the Supreme Soul is only One. Brahma cannot be called the Supreme Soul. You know the story of the 84 births of Brahma. This is his final birth. I have to enter the one who has taken the complete 84 births. I tell him that he does not know his 84 births and I alone can tell you about them. At first you were those deities. You now have to make effort to become that. Rebirth begins from the first birth. The Father now says: Whatever I tell you is *right*. Whatever else you have heard is *wrong*. I am called the *Truth*, the One who speaks the truth. I come to establish the religion of truth. It is said: Where there is truth, the soul dances, that is, if you are truthful you can *dance* in happiness. This *dance* is of knowledge. Those people portray Shri Krishna playing a flute and dancing. He is the master of the land of truth, but who made him that? Who is the One who established the land of truth? That is the land of truth and this is a land of falsehood. Bharat was the land of truth when it was the kingdom of Lakshmi and Narayan. At that time, there were no other lands. People don't know where heaven is. When a person dies, people say that he has become a resident of heaven. The Father explains that you are dangling upside down. You have become dependent on Maya. The Father has now come and is putting you the right way up. You know that it is God who gives devotees the fruit of their devotion. At this time, all are involved in devotion. All the scriptures etc. belong to the path of devotion. Singing those songs etc. are also part of the path of devotion. There are no devotional songs on the path of knowledge. You know that you have to go beyond sound; you have to return home. The Father says: Sweet children, you must never say, "Oh God!" That too is from the path of devotion. The path of devotion continues till the end of the iron age. This is now the most auspicious confluence age when the Father comes and makes you into elevated beings through knowledge. You have to follow the Godly directions of only the One. Whatever God tells you is *right*. Baba enters a human body and tells you: You were so sensible and have now become so senseless. You were in the *golden age* and have now come into the *iron age*. Those who belong here will enjoy this knowledge very much. Those who belong here will find it sweet. This Baba himself also used to read the Gita. Once he found Baba, he stopped doing all of that. He had also adopted many gurus. The Father said: All of those gurus are of the path of devotion. I alone am the Guru on the path of knowledge. Only when someone listens to knowledge from Me is he called knowledgeable. All the rest are devotees. Only shrimat is elevated: all the rest are dictates of human beings whereas these are God's directions. Those are the dictates of Ravan and these are the directions of God. God speaks: You are so greatly fortunate. This is why your birth at this time is like a diamond. People mount a diamond in the centre of a ring. In a rosary, they have a tassel at the top and then the dual bead. Their names are Adam and Bibi. You would say: Mama and Baba. Adi Dev and Adi Devi belong to the confluence age. The confluence age is the highest of all, when that kingdom is being established. It is here that you children have to become 16 celestial degrees full. The Father comes to make the old world new. No one, apart from you children, knows the *duration* of this world. They say that it is hundreds of thousands of years. All of those things are false. It is said: Maya is false and bodies are false. The new world is true. This is a land of falsehood. It is the duty of the Father alone to make this land of falsehood into the land of truth. The Father says: Forget everything you have studied on the path of devotion. This is your unlimited disinterest. Those people simply renounce their homes and families of this world and then go away into the forests. This is also fixed in the *drama*. There is no question as to why they do that; this is a predestined play. The Father explains to you children that such things happen. Those of all the other religions cannot go to heaven. Those of the Buddhist *dynasty* and the Christian *dynasty* do not go to heaven; they come later. First of all, there is the *deity dynasty* and then Abraham, Buddha and *Christ* come to establish their own religions. Baba comes at the most auspicious confluence age and establishes the *deity dynasty*. A soul first enters a womb. That small baby then grows big. Shiv Baba neither becomes big or small nor does He take birth through a womb. The Buddha soul

entered someone else; the Buddhist religion didn't exist previously. He would definitely enter a person who is already here and he would definitely enter a womb. Only one person established the Buddhist religion and then many others continued to follow him down and expansion took place. When there are hundreds of thousands of them, their kingdom then begins. There was the kingdom of the Buddhists. The Father explains: All of them come later. They are not called gurus. There is only the one Guru. Those people establish their own religions and then continue to come down. The Father sent everyone up above and then they continue to come down from the land of liberation, one by one. You come down from liberation-in-life. In the same way, those people also come down from liberation. Why should they be praised? This knowledge would have disappeared by that time. The Father gives you the knowledge of liberation and salvation. He doesn't enter a womb; He sits in this one. He doesn't have another name. All other beings take the names of their bodies. That One is the Supreme Soul. He is the Ocean of Knowledge. The souls of the original, eternal deity religion first receive this knowledge because they are the ones who are to receive the fruit of their devotion. You are the ones who begin devotion. I give you alone the fruit of it. All the rest are *by-plots*. They don't even take 84 births. The Father says: Children, become soul conscious! It is explained that there, too, you would shed one body and take another. There is no question of sorrow there. There is no question of the vices there. The vices exist in the kingdom of Ravan. That is the viceless world. You explain to them, but they still don't believe you. According to the previous cycle, those who believe you will claim a status, and those who don't believe you will not claim a status. In the golden age, everyone is pure and lives in peace and happiness. All their desires are fulfilled for 21 births. There are no desires in the golden age. There, you receive plenty of everything, food, etc. This Bombay didn't exist at first. Deities don't reside on salty land. The deities existed where there were sweet rivers. There were very few human beings and each one of them had a lot of land. They depict Sudama giving a handful of rice and receiving a palace in return. People donate and perform charity in the name of God, but is He a beggar? God is the Bestower! They believe that God will give them a great deal in their next birth. You give two handfuls and receive a great deal in the new world. You spend money and open *centres* etc. so that everyone can receive these teachings. You spend your own wealth and so you are the ones who receive a kingdom. The Father says: I Myself give you My introduction. No one has My introduction. I do not enter the body of anyone else. I only come once when the impure world has to be *changed*. I am the Purifier. My *part* is at the confluence age and so I come at My *accurate* time. You can't tell when Shiv Baba enters this one. They have given a date, time, *minute* for when Shri Krishna comes. You cannot tell exactly by the *minute* etc. when this One comes. Even this Brahma didn't know that. It was only when He spoke this *knowledge* that he knew about it. There was that pull. This one had rust on him. When the Supreme Father, the Supreme Soul, entered this one, you were pulled and you came running. You were not concerned about anything else. The Father says I am completely pure. Your souls are covered with rust, so how can that be removed? In the *drama*, all souls have received their own *parts*. These are very deep matters. Each soul is so tiny. No one can see one except in a divine vision. The Father comes and gives each of you a third eye of knowledge. You know that the Father only teaches you souls. On the path of devotion, they have as much knowledge as a pinch of salt in a sackful of flour. For instance, "God speaks" is *right*, but then, by saying that it is Shri Krishna who speaks, it becomes *wrong*. The word, 'Manmanabhav', is fine, but they don't understand the meaning of that. The words "Constantly remember Me alone" are *right*. This is the *epoch* (age) of the Gita. Only at this time does God enter this chariot. They have then shown a horse chariot with Shri Krishna sitting in it. There is such a difference between this chariot of God and a horse chariot. They don't understand anything at all. This is the home of the unlimited Father. The Father gives all of you souls, you children, *health, wealth and happiness* for 21 births. This is also an eternal, imperishable *drama* which is predestined. You cannot tell when it began. The cycle continues to turn. No one knows about this confluence age. The Father tells you that this *drama* is only 5000 years. For half a cycle, there are the sun and moon dynasties and then, for the other half, that is, for 2500 years, there are all the other religions. You know that it is the *viceless world* in the golden age. You are now claiming the kingdom of the world with the power of yoga. *Christians* themselves understand that someone is inspiring them and this is why they continue to make all of those things for destruction. They say that they have made such *bombs* that they can destroy not just one world, but ten such worlds! The Father says: I have come to establish *heaven* but they will carry out destruction. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, Father, BapDada. The spiritual Father says good morning to the spiritual children.

Essence for dharna:

1. Have unlimited disinterest and forget everything that you have studied or heard on the path of devotion up to now. Listen to only the one Father. Make yourself elevated by following His shrimat.
2. Just as the Father is completely pure and there is no rust on Him, so you too must become pure. Each actor in the *drama* has an *accurate part*. Continue to move along by understanding this deep secret.

Blessing: May you have *double* attainment by having a *double* relationship with the Father and the Bestower of Blessings and become a constantly powerful soul.

All the powers are your inheritance from the Father and your blessings are from the Bestower of Blessings. With this *double* relationship with the Father and the Bestower of Blessings, all of you children receive this elevated attainment at your birth. At your birth, the Father makes each of you His child and a master of all powers. Along with that, at the moment of your birth He, as the Bestower of Blessings, makes you into a *master* almighty authority and gives you the blessing of, "May you have all powers." By receiving this *double* right from the One, you become constantly powerful.

Slogan: To become detached from your body, become detached from your old nature and sanskars is to be bodiless.
