

**Essence:** Sweet children, each of you has now received a third eye of knowledge. You know that you hear this knowledge from the Innocent Lord every 5000 years and change from human beings into deities.

**Question:** What is the main reason why you are not able to imbibe knowledge?

**Answer:** Your intellects wander, you don't have full yoga with the One and you haven't become soul conscious. That is why you become unable to imbibe knowledge. Baba says: Children, don't come into *familiarity*. Don't remember the name and form of one another. Make firm the lesson of 'Belonging to the one Father and none other'. Don't chase after others. Continue to take advice from the Father because, by doing so, you will be *liberated* from sorrow and you will be able to imbibe well.

**Song:** No one is unique like the Innocent Lord.

Om shanti. The Innocent Lord is the One who gives. Shiv Baba is called the Innocent Lord. The Innocent Lord existed in the past and He definitely put right that which had gone wrong. He went away having told you the beginning, the middle and the end. That is why devotees sing His praise. You children know that the Innocent Lord, who is remembered as the One who puts right that which has gone wrong, is personally sitting in front of you. Devotees remember God and sing praise of Him and the Father plays His *part*. The Father has come and given His own introduction to you children. It is in the intellects of you children that whatever Baba explains to you now, He explains that to you every cycle. Every cycle, He comes and makes the impure world pure. He is doing that now. Many people now know this, but there are also many more who don't know this. Those who are to claim their inheritance will come and claim their inheritance as they did in the previous cycle. Previously, you too didn't know that Baba would come and give you your inheritance. You now know this. He is truly the Protector of the devotees. He tells you the knowledge of the beginning, the middle and the end. He is called the Ocean of Knowledge. It touches your hearts that He is the same One who comes and takes birth in Bharat. His *alokik* birth is remembered. He comes and purifies the people of Bharat. Impure human beings who call out definitely have to understand that they were pure, that they became impure and that they now have to become pure once again. Now, by receiving your third eye from the Father, you have understood all of these things. The churning of the ocean of knowledge of you children continues throughout the day. Who was pure in the golden age? It was truly the deities who were that. At that time there were no other religions. There are images of the deities too; they wouldn't be called anything else. You wouldn't say there are their images. Shri Lakshmi devi or Shri Narayan devta. They are not here now. When they existed, there were no other religions. It is in the intellects of you children that Baba is telling you a true story, but people say that they haven't heard this knowledge before. That is because they don't know the secrets of the *drama*. You say that you have been listening to this every cycle. Was it not spoken to you 5000 years ago? Then, why do you say that you have never heard it before? It is the One who related it to you in the previous cycle that you are now listening to once again. You should explain this well. You also heard this knowledge 5000 years ago. It has been 5000 years since the deities existed. Who made them into deities from human beings? Even now, the same Father will make them that. The Father has to come again after 5000 years to purify those who have been made impure by Ravan. *History and geography must repeat*. You also understand that *history repeats*. After the golden age, there is the silver age, then the copper age... You go around the cycle. It is now the end of the iron age. On one side, there are the flames of destruction and on the other side, Baba has come here to establish the new world. This is that same Mahabharat War. People believe that destruction of the human world will take place through this. Everyone understands this. You can see the destruction of the old world. This Great Mahabharat War also took place 5000 years ago; it is not a question of hundreds of thousands of years. This Bharat was heaven and it was the kingdom of those deities. They were the masters of the golden age. You have to explain very well using the pictures too. This is why the pictures of Lakshmi and Narayan have been created. There are in fact so many pictures of Lakshmi and Narayan in Bharat. So, why do we make more? We make meaningful pictures. Those pictures have the full knowledge in them. Human beings are confused. This is why it is explained that it was their kingdom in the golden age. There were very few human beings at that time, and those who did exist took rebirth and became impure from pure. This world is *tamopradhan* and it has to become pure once again. The explanation is very easy. The Father says: I am telling you a story of 5000 years ago: *Long, long ago*, there used to be the kingdom of Lakshmi and Narayan here, that is, 3000 years before *Christ*, it became the golden age. *Heavenly God*, the *Father*, established

heaven. Bharat is said to be an ancient land where gods and goddesses used to rule. It is said: *Goddess Radhe* and *God Krishna*. Radhe and Krishna, or Lakshmi and Narayan, existed in the golden age. Rama and Sita existed in the silver age. The account of 5000 years is *clear*. When it was their kingdom, all other souls were in the land of liberation. Souls are imperishable. Souls are never destroyed. The *drama* too is imperishable. You souls have received your imperishable *parts* of 84 births. The whole *parts* are recorded in such tiny souls. These are such *wonderful* matters! This is called nature. It is such a tiny point and it has a whole *part* of 84 births, of 5000 years, recorded within it. It is imperishable and it also definitely has to *repeat*. This is the biggest wonder of all. God is a point and souls too are points. However, God is the *Supreme*. Souls are not all the same; they are numberwise. First is *Supreme* Shiv Baba and then you would say Lakshmi and Narayan. Brahma and Saraswati cannot be called *supreme*. It is Lakshmi and Narayan who are perfect and then all the rest are numberwise, one after another. The main ones that are praised are the deities. The *Supreme* Soul of all is Shiv Baba. Then there are Brahma, Vishnu and Shankar in the subtle region. Then, there are Lakshmi and Narayan, Rama and Sita etc. All are numberwise. *Actors* in a play are also numberwise; not all are the same. It would be said that that one is a *supreme actor*, whereas this one is an *actor* worth a few pennies. Who is the *first-class Creator* and *Director*? Only the one Supreme Father, the Supreme Soul, is Karankaravanhar. You now know the whole *drama*. This is an unlimited *drama*. It is explained to you in a *nutshell*. The deity religion is the *foundation* of the tree. Then, the branches of Islam, Buddhism and *Christianity* emerge from that. This would seem to be like a *flower vase*. The tree seems to be right. However, if you were to sit and count each leaf, there would be so many! The cults and sects of Islam, Buddhism etc. are all counted. Shiva, the Innocent Lord, is giving you this knowledge. There is no question of beating drums etc. They have written in the scriptures whatever entered their minds. In fact, they were the drums of knowledge. It is also called blowing the conch shell. A conch shell is blown with your mouth. This is the flute of knowledge. He sits here and tells you the beginning, the middle and the end of the *drama*. A soul is like a point and has a whole *part* recorded within him. He is the *Creator*. He also *acts*. He takes the best *part*. It is numberwise. That One is the one Father, the *Creator*, whereas all the rest are those who enter rebirth. That One never takes rebirth. His birth is unique; you know how He comes and enters this one. Other souls also enter other human beings. For instance, when the soul of someone's wife comes, she would be able to say that she is happy, but he wouldn't be able to embrace her, because the body is of a different person. There is the faith that that is the soul of his wife that has been called. They call many souls in this way. Everyone has now become tamoguni and so they do not tell anything *accurately* about what a soul is or how it comes and goes. All of this is fixed in the *drama* in advance. It isn't that that soul leaves the other body and comes here and the body dies there; no. The Father says: I grant them a vision in order to fulfil their desires. Whatever is fixed in the *drama* happens. Every *second* that *passes* is fixed in the *drama*. This is an unlimited drama. The Father is a point. The point is called the Innocent Lord. It is such a *wonder*! The Father also says: I, a point, have such a big *part* recorded in Me. None of these things can sit in the intellects of new people. So many of the old ones are also unable to understand these things. So they become nervous when explaining to others, just as some people are nervous when speaking on the *radio*. Here, you have to conduct the murli very enthusiastically. Those people read and relate everything. Here, everything is done *orally*. Baba also tells you everything *orally*. Your intellects are imbibing everything. In the previous cycle too, you imbibed this and related it to many. This knowledge then disappeared. It now has to *repeat*. This knowledge is not in the intellects of sages or holy men. They don't know God. They say that souls will merge into the Supreme Soul. How could they merge into Him? You souls now know that your Father has come and is giving us *knowledge*. We will then return home with Baba. You children have this spiritual intoxication. This is your family path. Many people tell you that you are kumars and kumaris and so you don't have any experience of vice. They say: We are those who indulge in vice while living at home with our families. How can you give us this knowledge? We are married couples and so how can *bachelors* explain this to us? Married couples who have the experience of it should explain to us. Only those who have indulged in vice themselves can explain to us how they conquered vice. Baba receives many such letters. This is right. Therefore, you should get such experienced people who are married, but who remain pure, to write letters. Some even had children but have now become pure. They say: Such people should explain to us. The knowledge is very good but, if we don't have a clever person to explain to us, we become confused. Many things come in front of them, so the one who explains to them should be experienced. You can't explain

as much to anyone with letters. If they were to come personally and meet Baba, Baba too would explain to them. There are many such couples who can share their experiences of how they live in their households and follow shrimat completely. They even take full precautions over their food and drink. If the person explaining to them is not good, they become confused. Your intellects should work for *service*. You also have to become soul conscious. You mustn't come into *familiarity*. This takes effort. Maya traps you again and again. You cannot reach your karmateet stage now. Many become trapped in the name and form of one another. Then, they don't even write to Baba and tell Baba of the storms they faced; they don't tell the truth. If they were to write to Baba, Baba would show them a method. Some do write the truth. Shiv Baba knows everything. He explains: If you have such activity, you will receive a lot of punishment from Dharamraj. Throughout the day, you continue to have such thoughts. Many go to a *centre* and say: So-and-so explains very well. However, inside, there are devilish thoughts. Here, you need to have yoga with the One. Let there only be the one Father and none other. Why should you chase after others? If you are unable to imbibe knowledge, your intellects must definitely be wandering somewhere. Then, because you are afraid, you don't even ask for advice. The Father says: Constantly remember Me alone. It is only by having this remembrance that your sins will be absolved. You will also be *liberated* from sorrow. Everyone asks for liberation. You become liberated from sorrow and then go into happiness. Liberation-in-life is for everyone, but first you go into liberation and then into liberation-in-life. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Blow the conch shell of knowledge, like the Father. Don't relate knowledge simply by reading it. Imbibe it first and then explain it.
2. Take great care over your food and drink. Follow shrimat and share your experience with others about how you remain pure while living in your household.

**Blessing:** May you become victorious by making matter your servant instead of being impressed by *salvation* (help) or facilities.

Yogi souls and most elevated souls can never be influenced by matter. You Brahmin souls are the most elevated, yogi souls and matter is the servant of you masters. Therefore, none of the facilities or *salvation* of matter can influence you. Let the facilities not be the basis of your spiritual endeavour, but let your spiritual endeavour make the facilities support you and you would then be called a conqueror of matter, a victorious soul.

**Slogan:** Someone who considers every moment to be the final moment is said to be *ever-ready*.
